and The Kid arrive at the Tower of London at the end of The Dead. Though Sam finds safety and friendship at the Tower with Jordan Hordern's crew, he can't settle down. The only thing he wants is to be reunited with his sister, Ella. Despite Ed's protests, Sam and the Kid strike out westward, through the no-go zone. Meanwhile, Shadowman is tracking Saint George across north London, watching him build up his army. Shadowman knows that Saint George is an extremely dangerous threat, but no one will take his warnings seriously. Some answers to the questions we've been wondering about--What is the Disease? Where did it come from? Is there a cure?--are addressed by an unexpected source: a diseased adult nicknamed Wormwood who has the ability to speak, though his ravings are difficult to decipher. Unspeakable horror, edge-of-the-seat suspense, and stomach-churning plot twists continue in Book 4 of Charlie Higson's masterful Enemy saga. 'Charlie Higson's thrillers are major events' Mark Billingham 'An off-beat, atmospheric novel' Mirror 'Written with chilling perception' Time Out 'I do not believe that a man can be truly happy unless he fully understands what he is and can act accordingly... how can it be wrong to be happy?' These lines are taken from Will's diary, a seemingly innocuous exercise book which details his house-breaking activities. Will carefully selects houses - forty-seven so far - ensuring their owners will be in. As they cook their supper or watch television, Will (wearing surgical gloves and leaving no trace behind) enters not only their houses, but their secret lives. A secret museum, housed in his loft, is 'held together by sex'. All his trophies are carefully catalogued and he keeps a very precise diary of his activities and his thoughts. All his life Tom Kendall had lived as quietly and normally as possible ... but he gave people the creeps ... 'kids didn't like him, or the cat'. When Tom discovers Will's diary he decides to adopt the same quest for happiness. Tom has problems of his own - a difficult temper, problems with his girlfriend, Maddie, and an overwhelming sense of powerlessness. Perhaps Will's diary holds the key? Young James Bond must take a series of dangerous gambles to decipher a code that will save a kidnapped professor. Shadowman, realizing that Saint George's army is headed toward the center of London, has raced ahead to warn the kids of the impending disaster. This means that Nicola and her kids at the Houses of Parliament, David and his kids at Buckingham Palace, Matt at St. Paul's, General Jordan Hordern and his troops at the Tower of London, the squatters in St. James Park, and all the kids at the Natural History Museum must unite. But will they do it in time? The book culminates in a massive pitched battle in Hyde Park. How will it play out? Who will be the winners and who the losers?
