Reprint of the original, first published in 1871. The publishing house Anatiposi publishes historical books as reprints. Due to their age, these books may have missing

pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost. Choice Specimens of American Literature is a slightly political literary textbook for students to learn more about classic American writers and their works.

Excerpt: "It seemed unnecessary to treat the female writers as a distinct class; they are, therefore, arranged under the departments to which they respectively belong, as Essayists, Novelists, Poets." "First report of the Library Commission of Maine, 1900" appended to 29th report. Here is a valuable and engaging overview of the cataloging aspects of the United States Newspaper Program, the most extensive and comprehensive original cataloging enterprise undertaken in America.
