There has been an explosion of interest and knowledge in the fields of cardiac and respiratory disorders and their treatment. Diagnostic techniques such as ultrasound examination are becoming more widely available and are increasing the opportunity for non-invasive diagnosis. Treatment options are increasing, with an expanding array of pharmaceuticals and advances in surgery. Veterinary surgeons in practice will find this volume a rich source of information, both to maintain knowledge and also to stimulate interest in new clinical skills and diagnostic techniques. In addition to the approach to the clinical case and basic investigative tests, specialist techniques, such as cardiac catheterization and Doppler echocardiography, are included. Part 2 covers clinical problems, using a comprehensive and problem-oriented approach, followed by discussion of specific areas. The text is supported by tables, charts and colour illustrations to aid the practitioner in making a diagnosis. Part 3 describes medical therapy of both cardiac and respiratory conditions, and Part 4 the surgical techniques applicable to each area. Useful chapters on anaesthesia and thoracic drainage are included. MADDOX Mates are supposed to be forever, but nine years ago I found mine sleeping with another man. Every night I both curse the Moon Goddess for pairing me with such an unfaithful woman and beg her for another chance to find a mate who could love me, because a callous and unruly alpha like me isn't cut out to raise a daughter with a disability on his own. But the years pass by, and I find myself loathing everyone, especially that sonavbitch's daughter, Jade. She is a constant reminder of who her father used to be before I killed him. When the Chaos hits, for the first time in nine years, like a mother fuckin' train, I stare at Jade from across the dark forest and vow that I would never let another woman get close enough to hurt me again, especially if she's my mate. *JADE* Mates mean nothing, at least that's what my father said when he cheated on Mom with the luna of our pack. I didn't believe in them then, and I don't believe in them now. And nothing, not even the Chaos, could change my mind. But when the forest goes dark and the Chaos descends upon the dark valley, I find myself staring back at Maddox, my alpha and the annoying prick who has made my life a living hell these past nine years. If I hate anything more than the mate bond, it is that the Moon Goddess destines me to be with Alpha Maddox. Too bad I will never let him into my life. But the pull is stronger than I hope, and my wolf won't let him go. *Alpha Maddox* is a standalone novel, part of the *Wolves of Chaos Valley* shared universe series. **** In *Chaos Valley*, there is only one way for wolves to find their fated mates. Once a year, in the heat of summer, the Chaos descends. Seven days and seven nights for your animal instincts to run wild under the blood-red moon. One week to find the wolf or wolves who would make your lives complete. But, without warning, it stopped. Nine long years have passed since this essential magic bathed these territories. And when it finally returns, anarchy will reign. What kind of madness and mayhem will abound when the wolves of *Chaos Valley* are finally let off their leash? When their one shot at true and abiding love is finally set free? Dive into the world of the *Wolves of Chaos Valley* and read eleven stories of fated mates, steamy hot alphas and feisty heroines.

Dixie Lynn Dwyer is a Siren-exclusive author. This book is completely fictitious and any similarities to living individuals is purely circumstantial. That's my story and I'm sticking to it. As life would have it, I need to start by saying that I have stage four kidney cancer. I've had three surgeries. One to robotically remove part of my kidney, another to try and remove a tumor on my pelvis the size of two coke cans, and the last to put three 7 inch screws in my pelvis to keep the bones from shattering. So, here I am in my sixties fighting to stay alive and writing this book because everyone always said I should write a book about my life. They say that because the stories I tell are so outlandish that nobody would believe that they could possibly be true, but you can decide for yourself... We all have stories to tell, but how we tell them makes the difference. Mine will probably make you smile, laugh, cry, curse, and wonder who is this guy?
